

THIS NIMBLE BIG HITTER TAKES A LOT OF BEATING.

According to an old saying: Anyone who dishes it out must also be able to take it. Our A4 black and white printer dishes it out properly with 35 A4 pages per minute. But it's even better at taking, as there are many different ways to send print jobs to the system. They can be sent conventionally via LAN or fully mobile via the Mobile Print app or Wi-Fi-interface. It can even process the signal from your WLAN without a router. You'd be hard pushed to beat it. And despite constantly taking and dishing out, it can, if desired, remain completely quiet! Like a true champion.

P-3522DW
 B/W-PRINTER / A4

HIGHLIGHTS:

Fully equipped: The high input capacity of 850 sheets* (maximum) allows you to process a large quantity of paper in various formats from DIN A4 to DIN A6 via all paper cassettes. Together with the high print speed of 35 A4 pages per minute, you benefit from minimal disruption and time savings. Furthermore, the high print resolution of 1,200 x 1,200 dpi guarantees the finest print results.

Entirely mobile: The free Mobile Print app makes mobile printing easier for you when you're on the move. And, thanks to the Wi-Fi interface, which is integrated as standard, the P-3522DW is also connected immediately and wirelessly via WLAN to your network or work group. If access to a central router is restricted, you also have the option to enable the Wi-Fi Direct function that establishes a direct transmission of data between the printer and your Wi-Fi-capable end device.

Completely user-friendly: If it ever gets too loud and hectic at your workplace, you can set the printer to 'Quiet mode' via the control panel or driver. The printer now prints at half speed and its noise emission is greatly reduced. The long-lasting consumables of the P-3522DW increase the product's life span and therefore saves on resources and environmental impact.

Easy to use: The user-friendly driver interface is clearly laid out and self-explanatory as it is structured in such a way that you can find all the options straight away. Frequently selected settings, such as duplex printing, can be saved for quick access as user-defined buttons and can easily be selected again at any time.

P-3522DW

TECHNICAL DATA

General		General		Environment	
Type	Desktop	Interfaces	USB 2.0, 10/100/1000BaseTX, USB host, SD slot, Wi-Fi	Mains voltage	220/240 V, 50/60 Hz
Function	Print	Network protocols	TCP/IP, NetBEUI	Power consumption	approx. 966 W max, approx. 620 W in operation, approx. 8 W in stand-by mode, approx. 0.8 W in sleep mode, TEC value: 0.39 KWh/week
Print technology	Laser b/w	Operating systems	Windows XP, Vista, Windows 7/8/8.1/10, Server 2003/2008 R2/2012 R2, Linux, Mac ex OS 10.5	Noise level	approx. 47.9 dB(A) in operation, stand-by mode: immeasurable (ISO 7779/9296)
Print format	max A4	Emulations	PCL6 (PCL5e, XL), KPDL 3 (PostScript 3 compatible), PRESCRIBE IIe, Line Printer, IBM Proprinter, Epson LQ-850, PDF 1.7, XPS, Open XPS	Safety	GS/TÜV, CE
Print speed	max 35 A4 pages/min, duplex: max 17.5 A4 pages/min	Functions	PDF direct printing, printing of e-mails, quiet mode (half speed mode), barcode printing, Mobile Print (Android/iOS), Google Cloud Print, Wi-Fi Direct®	Options	
1st page	6.8 seconds*	Dimensions/Weight		Paper feed	max 2 x PF-1100 (250 sheet universal cassette [A6R-A4, 60-163 g/m²])
Warm-up time	15 seconds*	Dimensions	272 x 375 x 393 mm (H x W x D)	Other options	UG-33 ThinPrint® kit, cabinet no. 78
Print resolution	600 x 600 dpi, 1,200 x 1,200 dpi	Weight	approx. 14 kg		
Greyscales	256				
Paper feed	1 x 250 sheet universal cassette (A6R-A4), 100 sheet multi-bypass (A6R-A4)				
Paper weights	Universal cassette 60-163 g/m², multi-bypass 60-220 g/m², duplex 60-163 g/m²				
Paper output	250 sheet A4				
System memory	256 MB RAM, max 256 MB RAM				
Processor	Cortex-A9 / 800 MHz

UTAX has been a trade mark for professional office technology since 1961. As the partner of a German wide dealer network and international distribution, we are specialised in the distribution and integration of printing, copying and multifunctional systems in corporate IT and public sector, amongst others. With the MDS solution UTAX smart for example, output systems can be controlled regardless of the manufacturer and the infrastructure can be optimised in line with demands. UTAX recommends the use of original UTAX accessories for trouble-free operation of your system. For recommended print media refer to the user manual. UTAX and the UTAX logo are registered trade marks of TA Triumph-Adler GmbH. All other brand names referred to are registered trade marks of the respective manufacturers.
