

Increase productivity in your office.

P-C2651DW

The P-C2651DW colour printer is the perfect solution for anyone looking for high print quality and efficiency. Its brilliant colour reproduction means that your documents and graphics are printed in vivid and precise colours. This printer will give you professional results, no matter whether it's advertising material, presentations, or photos. Thanks to a printing speed of 26 A4 pages per minute, you can print your jobs quickly, efficiently, and reliably. Even at higher print volumes, the P-C2651DW works reliably and delivers consistently high-quality results.

What you can expect:

WORK MORE EFFICIENTLY: The P-C2651DW colour printer offers you even more efficient working thanks to the use of the fast 5 GHz Wi-Fi (country-specific). Use the time you gain for other important things while working in the office. A new controller system means that performance has also been significantly improved.

SECURE AND INTELLIGENT: The security technologies of this system guarantee the best possible protection of your data. Features such as the Trusted Platform Module (TPM)*, Transport Layer Security 1.3 (TLS 1.3) and Allowlisting reliably encrypt and protect your data. Meaning that you can concentrate on your work and are always on the safe side.

CUSTOMISED PRINTING: Contactless printing not only increases efficiency, but also security in everyday work situations. Users have access to their own documents only, which means they can work efficiently, quickly, and securely.

MODERN OPERATION: The compact printer's touchscreen display significantly improves ease of use. With just one touch, you can send your print jobs and customise the panel to speed up your tasks and work comfortably. Private printing is triggered even more reliably by the touchscreen display.
